

RDC-160 Pilot Press

For the evaluation of raw materials for anode manufacture at the pilot press Ø 146 mm. After baking, three cylinders of 50 mm diameter and 180 mm length can be drilled and subsequently tested for all relevant properties.

Specifications	Function	Pressing Pilot Electrode Ø146 mm
	Sample	Coke
	Sample / test	1
	Process time	~ 5 minutes
Configuration	Set up	Floor-standing
	Dimensions	180 x 90 x 235 cm (LxWxH)
	Weight	1500 kg
Facilities	Electrical connection	400V 3/N/PE, 50/60Hz
	Power	3.00 kW
